GREETINGS ALL

JUNE/JULY TRIP TO CASA DE DOM INACIO

Yet another trip to the Casa in Abadiania is complete.

This trip was very special in many respects. One of the group members had a wonderful transition out of his human form while there. He had received a tremendous amount of support from the Entities leading up to that point. It fulfilled many of his final wishes from life. He stayed in close contact with his wife who was there with him for some days after he transitioned. Again it goes to reinforce that sometimes our healing is in our transition rather than continuation in a worn out earth suit. This whole process is much more profound than the merely physical. It also led to a very special bond for the members of this group.

The trip was also marked by some other interesting events. One of the group members, although over 53, requested and was given a visible surgery. Yours truly was with her at the time, having commented a couple of hours previously that I would love a day off. I had had a lump on my back for some years and often had thought that if time permitted I would get something done about it. The Entities Dom Bosco and Dr Augusto took the opportunity to fulfill both desires and I had that removed visibly also. The fascinating thing was being asked to breathe deeply and, within the first breath, feeling the anaesthetic flow through my whole body. A significant lump was removed, very little blood, no stitches and the wound that started at about 8 cm long had almost disappeared within 2 days. Interestingly, the Entity Jose told me 2 days after the surgery, that if it hadn't been removed it would have become seriously malignant within 3 years. Thank you Entities. This is truly amazing work that not only works on what is there, but also on what is incipient. See photos on our website: www.johnofgod.co.nz/gallery/gallery.html.

CASA DE JOSE

Things continue to move in their own perfect time. It is a matter of recognizing this process of preparation unfolding and going with it rather than trying to force it. I believe a number of us are being prepared to do the work of the Casa.

I asked Jose himself for help/insight as to the next steps. He replied that our most important task at this time is to support the soup kitchen that was established under the instructions of the Entity Dr Augusto de Almeida for the local people in the town of Abadiania. I understand this to be a direct "as we give so we receive". As we help unconditionally in this project so we will receive the aid from the Entities for the next steps for the Casa de Jose in New Zealand as well as learning about true "charity" ie. giving with no strings attached.

To this end we have set up a bank account where people can deposit donations that can be taken to Brazil to buy supplies for the soup kitchen. They make a wonderful nutritious soup that is available to the locals 3 days per week. Visiting there, it is amazing to see how many entire families are using it. Brazil doesn't have a social welfare system as we know it.

If you feel moved to do so, please either deposit a donation in the bank account or set up a regular automatic payment. A little goes a long way in the Brazilian context and can buy a lot of pasta, beans, and whatever else is needed.

Bank Account details:

National Bank
Courtenay Place
WELLINGTON
Acct name : THE SOUP KITCHEN
Acct no : 060513 0288935 00

Please provide us with the details of any donation you make so we can issue a receipt.

The Soup kitchen also provides families with food packages of basic food items when it has the resources, runs an after school care and homework programme, and recycles clothing, toys and other items donated into the community.

My sense is that there is a beautiful reciprocity happening here that provides us with the opportunity to “put our money and hearts where our mouths are” .

To this end the future of the Casa de Jose is also becoming clearer:

SO FAR WE HAVE THE SENSE THAT:

WHAT

- It will be a place for healing and/or further awakening to who we really are.
- It will charge nothing for its work and therefore its beginnings are likely to be modest unless some sizable bequest (or several small ones) comes our way. Any takers?
- Those involved will come from all walks of life and no one will be excluded.
- It will be a focus point for the energies of the benign and beneficent forces of the universe to work with those humans whose interest is also the wellbeing and growth of all beings and of the planet.
- It will involve the use of sound, crystals, light and water.
- The mother stone will be an important connection with the invisible benign forces at work here and at the Casa de Dom Inacio in Brazil – see **THE MOTHERSTONE** below for an update.

WHO

- The central core of people is in the process of being prepared or calibrated for their work with the Casa de Jose in NZ. I suspect some of them don't know it yet. Many have been to the NZ events and to Brazil recently.
- It will be administered by a core team who can put personal agendas aside and whose interests are its ability to aid and abet beings in need in their physical and spiritual wellbeing and in their awakening to the entirety of who they really are in this time of great change – see **THE CORE GROUP** below for further details.

THE FORM

- It will take on a legal form, eg. a charitable trust, to administer it. We are still waiting for someone who is prepared to put that together for us

WHERE

- It will be based somewhere..... still unknown but most likely in lower Nth Island and in relatively close proximity to international transport.
- The venue will be accessible to all so by necessity will be a flat section. We now have someone who will review possible sites. See **THE CORE GROUP** below for details.

THE MOTHER STONE

It is getting closer! The mother stone now sits in a specially constructed packing case in Abadiania awaiting departure. We have had delays connecting all the dots in terms of getting it safely from Abadiania to a coastal port from where it can travel to NZ and getting all the paper work and insurance worked out. Hopefully we are in the final stages of organizing this and soon it will be homeward bound to NZ. Again these things have their own timing. Hopefully by the time it gets here we will have a home for it.

THE CORE GROUP

We are looking for a core group of people seriously interested in helping to establish the Casa de Jose. These need to be people with the ideas, drive, fund raising ability, and energy to put into this project. We particularly need people who are not too ego bound and don't have any particular agendas about becoming “great healers” in their own right. If you have such an aspiration and still wish to be part of this, then be prepared to have “work” done on those ego attachments. I suspect the journey is going to be as interesting as the destination. Also there

won't be any personal monetary gain from being part of this project. Ideally the core group will be mobile enough to travel to the Wellington region if not already living here.

- **Keith Mason**, who is currently in Brazil, has volunteered to review possible sites. He is actively looking at a couple of sites at present. If you have any ideas about possible sites, please email him at keith@liveyourdreams.co.nz

TOURS TO BRAZIL

2007

Sept 8 – Sept 24 or Oct 1 (2 or 3 weeks at the Casa)

Nov 17 – Dec 4 or Dec 11 (2 or 3 weeks at the Casa)

2008

February

Mid April

Late June

Early September

Mid November

All have both 2 or 3 week options at the Casa. We are finding the 3 weeks tours are giving participants a little longer to integrate what has happened to them and to go a little deeper in their own processes. It works well in terms of what arises for each person and for the group dynamic also. Numbers are limited in each group. It is a prerequisite of participation that group members are prepared to adhere strictly to the protocols set down by the Casa and the organizers to ensure maximum benefit from the experience.

For further details contact Jaqueline at st.ignacio.tours@xtra.co.nz or Peter at p.waugh@xtra.co.nz.

For details of what to expect in Abadiania, please visit the website: www.johnofgod.co.nz.

SENDING PHOTOS

The next deadline for sending your photos to go before the Entity in Brazil is August 22 for the trip leaving Sept 8. This is important if you have received Xs on previous photos or were told to go to Brazil by the Entity at the NZ event but cannot make it. Please note that if you send photos you are likely to be prescribed herbs, and it is important, that if you receive these, you take them and stick to the outlined dietary protocols for the duration. See www.johnofgod.co.nz/misc/photos.html for details on how to send photos, or I can do it for you if you are based in the Wellington area.

CRYSTAL BEDS

Again we strongly recommend, as part of the ongoing connection with the Entities and treatment, that those who have had 'Xs' on photos, are currently taking herbs, are preparing to go to the Casa, or have been to the Casa and wish to maintain a strong contact, continue having regular crystal beds. Please note that for the crystal bed to have maximum benefit, it is important that the operator is only the person(s) given permission by the Entity, and that they are sticking with the protocols of the Casa. Otherwise, you may be having just a very pleasant chromo therapy treatment. For bookings in Wellington, phone the Natural Health Centre on (04) 385-4342.

We still have a supply of these, and the crystal jewelry, to be distributed throughout as much of the South Pacific as possible.
