

# John of God in NZ - Newsletter October 2007

## GREETINGS ALL

### JOHN OF GOD EVENT IN NEW YORK

I have just returned from attending an event with John of God at the very beautiful Omega Institute, two hours north of New York. It was superbly orchestrated and went wonderfully well. As with the NZ events, people were blown away by it. When announced a few months ago, it sold out within 2 weeks. Originally scheduled as a 3 day event, many people booked for all the first three days. The fourth day was added later and attracted many first timers who had missed the earlier bookings. Like in NZ the Entities worked their magic. The venue itself was celebrating its 30 year anniversary as a venue for workshops and events for a range of forward thinking people from Al Gore to Ram Dass and Deepak Chopra to Eckhart Tolle. Being autumn, it turned on a show of autumn coloured leaves like you wouldn't believe and weather like NZ midsummer. Like the first NZ event, it also experienced "water problems" with the main tank feeding the entire venue developing a leak. As with the NZ event the organizers handled it seamlessly.

Many inquired as to when the next NZ event was going to take place having heard about the last ones and wanting to attend the next one. I could only say "I don't know although Medium Joao and the Entities are still very keen to come". Next year will hopefully be the turn of the Australians, but this is still under negotiation. We will let you know when we have any news.

### REVISION VIA PHOTOGRAPHS

The entities have given permission for those who have had surgeries, but cannot get to Brazil, to do their revision by sending photographs. In the US the surgeries had to be called "spiritual interventions" for legal reasons. The same applies to all of you who had surgeries/spiritual interventions in NZ. The format is the same for sending photographs to go before the Entity. You are also likely to be given herbs so be prepared to take them if you send photos for revision. Please see the attached document or [www.johnofgod.co.nz/misc/photos.html](http://www.johnofgod.co.nz/misc/photos.html) for details on how to send photos. Also, **mark photos "REVISION"** as they will go through a different line to the others. Please get photos to me by November 3 at the latest.

### THE MOTHER CRYSTAL FOR NEW ZEALAND

As I write this, we are still waiting to find out if we now have the correct paperwork to allow this crystal to leave Brazil. It has been an interesting exercise in trying to coordinate both paperwork and transport, and I think we are almost there. Hopefully, we can get it on the road when I return to Brazil in mid November with another group. The other two mother crystals, earmarked for Australia and US, have also found their human guardians and, hopefully, will also be starting their journeys to their new homes in the not too distant future.

### CASA DE JOSE

There is not much to report on the progress of the Casa de Jose/House of Jose. As many of you will have been experiencing, the past few months have been a time of "becalmed-ness" or "stuck-ness", without much insight into what the future holds in store. This has been quite a generalized phenomenon and one that has also applied to the Casa de Jose. It has been a time to learn the art of adaptability and patience with whatever is unfolding for 2008. We still await insight on the location and form of the Casa de Jose, and the resources, land, people, and goodwill to allow it to unfold. Any assistance would be greatly appreciated.

### SOUP KITCHEN

Many thanks to those who have contributed to the soup kitchen fund. For those who still want to do so, please lodge deposits in the account below to be taken to Brazil in mid November.

For all of you who are in proximity to a crystal bed, it is recommended that you continue having them regularly.

**TOURS TO BRAZIL**

If you were one of the people told by the Entity that he was waiting for you in Brazil, please try to get there. He was indicating that there is some work needed that can only be done there. This could relate to your own spiritual opening or to something manifesting on a physical level. If you can't make it, then send photos and take herbs .See above....

**People are still being recommended to travel to Brazil with a Casa guide.** Our last tour for 2007 is departing on November 17<sup>th</sup>.

Dates for 2008 are approximately as follows subject to slight modification. Please avoid booking at the last minute as prices can increase because air tickets are usually more expensive nearer the date of departure:

March 16 – April 1 or 8  
June 21 – July 8 or 16  
Sept 6 – Sept 22 or 29  
Nov 16 – Dec 2 or 9

All trips have the option of either 2 or 3 weeks at the Casa.

**SENDING PHOTOS**

The next deadline for sending your photos to go before the Entity in Brazil is November 3 for the trip leaving November 17. This is important if you have received Xs on previous photos or were told to go to Brazil by the Entity at the NZ event but cannot make it. Please note that if you send photos you are likely to be prescribed herbs, and it is important, that if you receive these, you take them and stick to the outlined dietary protocols for the duration. See [www.johnofgod.co.nz/misc/photos.html](http://www.johnofgod.co.nz/misc/photos.html) for details on how to send photos, or I can do it for you if you are based in the Wellington area.

## **AND FINALLY ...**

As this is likely to be the last newsletter for 2007, best wishes to you all for whatever opportunities for growth 2008 may bring forth for you. May the Entities be with you.

### ***TOUR PARTICIPANTS COMMENTS***

***This is an abbreviated note from one of the last tour participants. It gives a taste of what the tours are about.***

***Hi Peter,***

***Yes my "re-entry" has been fine. The tools you provided me with in Brazil have been particularly helpful, I will be for ever grateful.***

***My first five days or so I felt really good, lots of energy, quite peaceful & I felt clear on what had happened to me at the Casa, good things.***

***But how easy it is to fall into old patterns, I am not sleeping, have tummy upsets, have been quite stressed about work & my intolerance for a few individuals has lessened, something I definitely have to work on. I am trying to figure out how I***

***can get so offended by a few people being just who they need to be. SO, no angel stars for me just yet!***

***It has been great to share my learning's & feelings with (my partner). I believe my trip to the Casa will lead to both of us opening our hearts more to love, love of each other & of others.***

***Peter I could never thank you enough for your loving support in Brazil, I am still overwhelmed now when I think of it. Thank you.***

***Well, here is what I believe I learned, experienced:***

- 1. My old thought patterns based on fear & unworthiness have been broken down, thus creating an opportunity to create new ones***
- 2. I now have a clear understanding of where these thought & fears originated from***
- 3. I now have the tools to help me disassociate today's' thoughts & physical feelings to those of my childhood***
- 4. I have had extensive physical work carried out to break these patterns***
- 5. I recognise I can over react to situations & beliefs outside of what I know, perhaps I can open up to new ideas a little more without feeling they have to become my own***
- 6. There is a whole realm of spirit working on another level to that of human beings***
- 7. The spirits at the Casa are all working from a place of love, compassion & forgiveness***
- 8. I am now better equipped to open my heart to the love of my partner, my child, my family & friends & the love of the Universe***
- 9. Forgiveness is key to peacefulness, vitality and good health***

***Some questions I now have & will endeavour to find answers to:***

- 1. Who, what is God to me?***
- 2. What is higher self?***
- 3. How do our chakras effect our physical, emotional & spiritual health***
- 4. How can & what type of meditation shall I practise?***
- 5. What is spirituality to me?***
- 6. How can I practise living life more in the present moment?***
- 7. In what ways can I be amore compassionate, caring , loving person?***
